

**Drainage Improvements at Fairchild
Park and Cherry Street
FY24-B054 Project #088-SC20-CSFD
NAUGATUCK, CONNECTICUT**

ADDENDUM NO. 3
6-6-23

Bidders and interested parties shall take note of the following information regarding the subject Invitation to Bid:

1. Modification of Project Manual – Information to Bidders

- a. Section A, Number 7 is erroneous and shall be eliminated and replaced with the following.

Existing:

7. Soil and Groundwater Conditions

Soil borings have been made for the work of this Contract and are available upon request to the Borough of Naugatuck. Some soil/material in the project area is known to consist of urban fill and/or impacted soil. In bidding on this Contract, each Bidder acknowledges that he has made whatever investigation of subsurface conditions he has deemed necessary for the purpose of bidding. Permission for making borings, test pits, or other investigations of subsurface conditions will be arranged for by the Owner upon receipt of a written request thereof.

Revised:

7. None
