

## Minds in Motion programs 6/26-6/30/2023

### **CHEMICAL CREATIONS (ages 6-11) @ the Rec Center Mon – Fri 9am-12pm \$140**

Come experience a hands-on world of fun as you conduct a variety of scientific experiments! You will work on and take home your very own Chemistry Lab Kit complete with test tubes, safety goggles, and more! Learn and discover many different scientific concepts in an entertaining and innovative approach. You will be trained to work like a real scientist in the lab. You will also make and take home some really cool chemical creations! Learn all about energy and molecules, create a crazy bouncy glob from glue, and some scary green slime! Make your very own UV bracelet and watch it react to the sun. You will also get to witness some amazing scientific demonstrations from your instructor. Watch snow being created and feel how cold it is! Experience a really powerful magnet, magic sand, and many other exciting experiments in this fascinating and educational program!

### **AGENT992 ROBOT (ages 8-12) @ the Rec Center Mon – Fri 12:30-3:30pm \$140**

Build and take home your very own Agent992 Robot! This smart undercover robotics kit will entertain and teach infra-red capabilities to inquisitive minds. It consists of 140 assembly pieces and is equipped with an infrared radar so it can capture its surrounding conditions! A classified press-button switch instructs your *Agent992 Robot to transform into 3 investigative modes*: Forward mode, Gesture Control mode, and Auto Navigation mode. Forward mode executes basic forward direction where its eyes turn red. Use your hand's forward and backward motion to guide your robot when Gesture Control mode is activated, and its eyes turn blue. Compete with your classmates by designing obstacles or maze courses! *Agent992 Robot's* Auto Navigation Mode will set it on its secret mission as its eyes turn purple and automatically avoids obstacles on its own. This super cool robot is educational, entertaining, and fun!
