

Request for Qualification (RFQ)
Environmental Consulting Services
Borough of Naugatuck Brownfield Redevelopment

ADDENDUM NO. 1
May 29, 2019

Request for information:

Q. We were wondering if you have copies available of the applications for the two assessment grants that you mention in the RFQ?

A. The applications are not available for distribution. Each project involves a former manufacturing site. A Phase 2 study will be conducted on one site. The study on the second site will involve tests/sampling etc. to determine if further remediation is required and recommend specific tasks to be undertaken.
