

## **Bid Specification**

### **PD Maintenance Div. Motor Vehicle Tire Changer, Tire Balancer and Compressor**

The Naugatuck Police Department / Maintenance Division is soliciting bids for the purchase of a Motor Vehicle Tire Changer, Tire Balancer and Compressor able to handle the seasonal changing of tires on Police rated motor vehicles.

#### **Description of commodity and/or Service:**

Tire Changer, Tire Balancer and Compressor will consist of an integrated system capable of aiding maintenance personnel in the removal of tires from patrol vehicle rims, reinstalling tires onto rims, and adequately achieving the proper balancing of tires when complete. The compressor will be of quality and standards to adequately operate the components of the wheel changer and/or tire balancer.

#### **Scope:**

The Naugatuck Police Department is soliciting bids for the components required to remove tires from and install back onto rims, balance tires/wheels and a compressor capable to operate equipment. The Department fleet consists of approximately 30 vehicles of Police Interceptor Models, ranging from model years 2005 through 2013 (Crown Vic style and Taurus style respectively). In addition, the fleet also maintains various SUV equivalents of Ford Explorer and Expedition models of various year models.

#### **Equipment Specifications:**

The Bid must include, but not limited to:

- 1) Ranger, RIM Guard Swing Arm Tire Changer. Part# RANR980XAT or **Equivalent**
- 2) Ranger Digital Wheel Balancer. Part# RANDST2420 or **Equivalent**
- 3) OEM, Two Stage 7.5 H.P 80 Gallon Vertical Air Compressor or **Equivalent**
- 4) Include and outline the costs for any fees associated with the delivery of equipment to customer site.

***Note:***

***Bidder will include outline of the manufacturer's warranty on all components specified within proposed Bid.***
